B. PERSONNEL, ADMINISTRATION, MORALE AND DISCIPLINE:

1. Captain Fortunato, CO of the 534th Trans Co reassigned as Assistant S-3.

2. 1/Lt Michelick assigned CO of the 534 Trans Co.

3. Captain Groves CO of the 62d Trans Co rotated.

4. Captain Porter assigned CO of the 62d Trans Co, vice 506th TTP Det.

5. 2/Lt Strickland assigned CO of the 506th TTP Det.

C. INTELLIGENCE AND COUNTERINTELLIGENCE:

1. Security inspection conducted by 524th MI Detachment, 18-19 Jan 67.

2. Minor sniper fire reported on convoys.

D. PLANS, OPERATIONS, TRAINING:

1. 7th Transportation Battalion participated in Operations IOLA (Duck), Canary, Attleboro, and Cedar Falls.

2. One operational standown week per company every eleven (11) weeks. Time to be used for guard duty of the 48th Group area, mandatory training, and maintenance of vehicles.

3. The 163rd Trans Co (Lt Trk) was detached from the 7th Trans Bn and re-attached to the 6th Trans Bn, 11 November 1966.

4. The 7th Trans Bn assumed operational control of the following units:

a. 10th Trans Co (Mdm Trk), 13 Nov 66, transferred from Cam Ranh Bay, VN.

5

b. 446th Trans Co (Mdm Trk), 19 Nov 66, arrived from Fort Meade, Maryland.

c. 572nd Trans Co (Mdm Trk), 19 Nov 66, arrived from Fort Meade, Maryland.

5. Units supported were the 25th Inf Div; 1st Inf Div; 173rd Abn Bde; 196th Lt Inf Bde; 199th Lt Inf Bde; 9th Inf Bde; 11th Armored Cavalry Regiment; 4th Inf Div and PHILCAG. Total tonnage moved is shown below:

<u>MONTH</u>	<u>TONS</u>	<u>MILES</u>	<u>TON MILES</u>	<u>PASSENGERS</u>
Nov	65,081	245,323	1,163,600	536
Dec	100,973	419,086	1,701,272	1245
Jan	<u>102,911</u> 268,965	<u>487,127</u> 1,151,436	<u>2,229,131</u> 5,094,003	<u>2150</u> 3931

6. One (1) full TO&E Mdm Trk Platoon with a full company mess section along with Trailer Transfer Point personnel were TDY to Tay Ninh. PURPOSE: To relocate all 1st Log Comd supplies at Tay Ninh, as well as support forward supply areas from Tay Ninh. This provisional unit is also responsible for locating empty trailers so that upon arrival of daily convoys, the drivers can leave their loaded trailers and pick up empties for the return trip. This allows a 1½ hour turn around time and has enabled convoys to Tay Ninh to become a one day trip instead of two days.

The platoon will return to Long Binh and will be replaced by a full TO&E Mdm Trk company effective 18 February 1967.

E. LOGISTICS:

1. Troops living in tents and some permanent type structures.
2. Battalion Consolidated Mess provides all meals.

F. SPECIAL STAFF SECTIONS: None

SECTION II, PART I
OBSERVATIONS (LESSONS LEARNED)

A. PERSONNEL, ADMINISTRATION, MORALE, AND DISCIPLINE:

1. ITEM: 534th Transportation Company has 110 personnel rotating in March 1967.

DISCUSSION: No replacements are due-in. Personnel from other units may be transferred to balance the strength of units within the Battalion.

OBSERVATION: Battalion will not be able to perform it's mission unless these losses are replaced soon. New drivers must be trained before they can be dispatched. Battalion driver availability will be low until replacements arrive and are trained.

B. INTELLIGENCE AND COUNTERINSURGENCY:

1. ITEM: Intelligence on Convoy Routes.

DISCUSSION: Route Intelligence is not disseminated to this battalion. Convoys are dispatched daily. Officer and NCO personnel that are in charge of our vehicles cannot be given accurate road security conditions, especially HOT AREAS.

OBSERVATION: All personnel on the convoy should know the road security conditions for the area that they travel through.

C. PLANS, OPERATIONS, AND TRAINING:

1. ITEM: Mandatory Classroom Training

DISCUSSION: This training is extremely difficult because half of each company is driving every 24 hours.

OBSERVATION: Two (2) twelve hour shifts necessitate giving all classes twice in order to instruct maximum number of personnel.

2. ITEM: Cargo Documentation.

DISCUSSION: Often TCMD's are not with cargo, or no paper work accompanies cargo.

7

OBSERVATION: To insure delivery to proper consignee documentation procedures in accordance with appropriate regulations.

3. ITEM: Semi Trailer Control.

DISCUSSION: Due to shortage of MHE in certain off loading sites, trailers are often left loaded for days. Sometimes these loaded trailers are diverted to other locations without authority. Some battalion trailers have been found restenciled by various units.

OBSERVATION: This results in unreported dispersion of trailers and consequent problems in control of trailer assets.

D. LOGISTICS:

1. ITEM: Task Vehicle Shortage.

DISCUSSION: Replacement of task vehicles turned in for salvage has been non-existent.

OBSERVATION: There is a present shortage of fourteen (14) M52A2 5 ton truck tractor and two M543 5 ton wreckers.

2. ITEM: Building Materials.

DISCUSSION: Requisitions for building material are not being filled.

OBSERVATION: Building plans for the Battalion area are being delayed.

SECTION II, PART II

A. RECOMMENDATIONS:

1. Speed of convoys be increased to lessen hostile fire exposure time in accordance with local road situation, and permit optimum RPM to prevent deadline.

Incl 1

5. Assistant drivers (shotgunners) be furnished on convoys. The equivalent of one complete 12 hour shift is eliminated when assistant drivers and drivers are on convoy together. The convoy returns in late afternoon and the trucks can be re-committed that night if drivers are available. Recommend that shotgunners from sources other than 7th Battalion be furnished. The availability of the assistant drivers for the night shift will produce an increase in tonnage hauled.

1. Forwarded in accordance with paragraph 9, AR 1-19, dated May 1966.
2. Reference Section I, Part I A1: Unlisted replacements are allocated by this headquarters to subordinate commands in an equitable manner commensurate with needs requirements, degree of shortages as compared with all other units and the needs of units which have been given special projects and assignments which are over and above their assigned missions. Based on these criteria some units do have shortages of enlisted personnel.
3. Reference Section II, Part I D1: Five (5) 5 Ton Tractors were released to the 4th Transportation Group on 27 February 1967.
4. Reference Section II, Part I D2: Higher priority requirements pre-empt material. As material becomes available it will be issued.
5. Reference Section II, Part II A2: Unlisted personnel have been attached to group Headquarters for use in the battalion as "shotgunners", however, these personnel were taken from other units outside of the Battalion thereby reducing those units effectiveness.

2. Reference paragraph B, Section II, Part I, page 3: While
it is true that route intelligence is not disseminated to the battal-

concur. Mandatory training requirements within this Command average

perly scheduled training will not interfere with a unit's mission
capability.

tribution of the TCMD's will be closely monitored.
